Article I - Name and Purpose

Section 1: Name

This chapter shall be known as the Everglades Bassmasters of South Florida.

Section 2: Purpose

The purpose and reason for this chapter is to stimulate public awareness of bass fishing as a major sport, to offer conservation departments an organized moral and political support. We will promote full adherence to conservation codes and regulatory standards; and will report any detected polluter calling public attention to their offense. In addition, we will strive to improve our skills as bass anglers through a fellowship of friendly exchange of expert bass catching techniques and ideas, and to encourage youth fishing and a love for this wholesome recreation. As a club, we will try to function as a dynamic and effective link with other clubs and organizations embracing the principles and purposes of conservation.

Any fish submitted for this yearly award must be weighed alive during the tournament year. No dead fish will qualify for this yearly award.

TOURNAMENT RULES

1. **Participants and Eligibility** - Participation in club tournaments will be open only to club members in good standing, whose dues, initiation fees, and tournament fees are paid. A former member that returns to the club will need to be voted back into the club by current membership if they have missed one year of not paying club dues. The drawing for partners will be held at the monthly meeting preceding each tournament. For 2-day events, a second drawing for partners will be made on the evening after the first tournament day.
2. **A Guest** - is defined as a “Non-Club Member”. Guests may fish a tournament with a 2/3 affirmative vote of members present at the meeting preceding the tournament. Guests are not eligible for club prizes or awards. A limit of three (3) guests per boater, per year is set. If a boater says they are using a guest spot, it counts against their guest spot limit regardless if that guest shows up or not. In the event that a boater doesn’t draw a non-boater then they may bring a guest. Such circumstances will not count towards the yearly limit of three guests.
3. **Tournament Location** – A six-month tournament schedule should be drawn up and voted on by the November meeting of the tournament year. A second six-month tournament schedule should be drawn up and voted on by the April meeting of the tournament year. (See Article III – E Tournament Chairman for details)
4. **Pre-Tournament Practice** - Participants in club tournaments will be allowed to fish tournament waters at anytime.
5. **Safety** - Safe motoring conduct must be observed at all times by all participants. Each participant is required to use U.S. Coast Guard approved safety equipment. Each member must wear a U.S. Coast Guard approved safety vest or chest type life jacket when the boat is on plane during any tournament. All boats must be equipped with a kill switch to be used when the gas-powered engine is in operation. Participants will not be allowed to run the boat on plane during any tournament if the kill switch is not working properly. All participants boats must have the proper running lights on the bow and stern in order to leave during the tournament safe-light take off. If the proper lights are not working, or are non-existent, the participant may not leave the tournament take off area until after full sunrise.

All participants boats may be randomly checked by the safety chairman for the above listed safety items before take-off at any tournament. The safety chairman will give ample time to all participants to supply the necessary items in working order before take-off. If the safety chairman finds that a participant does not have all the necessary and properly working safety items for a tournament, the safety chairman will alert the tournament director of the infractions **before** the tournament, and the penalties will be discussed with the participant at that time.

6. **Sportsmanship** - Sportsmanship, courtesy, safety, and obedience of all speed and no wake signs are expected from each participant.
7. **Tackle and Equipment** - Only artificial lures may be used. No “LIVE BAIT” or “PREPARED BAIT” will be permitted. However, pork or pork-type strips, rinds, etc. may be used. Only flipping sticks, casting, spinning, spin casting, or fly rods may be used. Reels are limited to open and closed face spinning, baitcasting (includes “flipping reels”) and fly reels. Only one rod may be used at a time. Other rigged rods may be in the boat for substitute purposes. Electronic depth finders, chart recorders, LCD recorders, and Forward-Facing Sonar are permitted. Position identification devices and communication devices are permitted.
8. **Live wells** - During the months of May-September Catch & Release (.0702 per gallon of non-iodized salt) or 1/3 cup of non-iodized salt per 5 gallons of live-well water is mandatory in each live well holding fish, and highly recommended for use all year to aid in the recovery of the fish's slime coat, or any fish saving formula similar to G-Juice.
9. **Boat and Motor** - Fishing boats may be used that are 15 feet or more in length. Any motor may be used that is 35 horsepower or larger. A smaller additional gasoline or electric motor may be used to maneuver the boat while casting. However, “TROLLING” as a method of fishing is prohibited. No “BARGES” or similar cumbersome craft may be used. A contestant may use his own boat or motor or may rent either or both. Any non-boat member will pay any boat owner to help defray their costs - a minimum of \$50.00 dollars per tournament day. Example: a one day tournament would be \$50.00 to the boater, and a two-day tournament would be \$50.00 per day to each respective boater (\$100.00 in total for the weekend). The non-boater must notify the boater prior to the launch of the tournament when he has to cancel. If no attempt is made then the non-boater must pay the \$40.00. The boat used will belong to the member signing up for “BOAT USE”, his partner will be the member signing “NO BOAT”. In the event two “BOAT USE” members fish together due to unforeseen circumstances, boat used will be determined by mutual consent of the members concerned or “BOAT USE” members may fish alone.

10. **Permitted Fishing Locations** - Fishing is permitted any place on tournament waters. No boat shall be removed from tournament waters during designated fishing time except at Lake Headquarters. No fishing is permitted within 100 feet of another competitor's anchored boat. If a competitor's anchored boat is fishing in a canal, ditch, or river, competitors may fish on the opposite side of the bank.
11. **Lake Headquarters** - Lake Headquarters shall be where boats are launched. All fishermen must start and end the tournament day at this point. The official weigh-in station shall also be at the boat launch or assigned weigh-in area.
12. **What Will Happen to Fish** - All live fish brought to the scale by contestants will be released alive. The tournament director will determine which release sites may be deemed unsafe, shallow, or confined waters, and will let the tournament field know at the prior meeting how and where to release all live fish after weigh in. Each angler/team will be responsible for returning their own fish back to the designated waters. Any dead fish will be disposed of at the club's discretion or to a charitable organization.
13. **Tournament Fishing Hours** - Fishing hours will be safe daylight, as determined by the tournament director, until 3:00 PM for most monthly tournaments. For the months of June, July and August, each angler will be only be allowed to weigh in three (3) total fish per tournament, and all weigh-ins will commence at 2:00 PM during these three months.

Two-day tournaments will be safe daylight until 3:00 PM on Saturdays and from safe daylight until 2:00 PM on Sundays, or as state regulatory agencies deem necessary.

The tournament director has the authority to designate one (1) tournament of the year as an afternoon start. Any tournament time changes must be made known to members no less than one month prior to the proposed time change.

14. **Late Penalty** - Participants who are not in the official docking on time shall be penalized 1/2 pound for each minute they are late. Any tournament participant later than 30 minutes (or 15-pound penalty) to the weigh-in will not be eligible to weigh in their fish, and cannot count any fish towards the yearly live release total, but will still receive the 5 participation points for fishing that tournament. Boat and motor trouble and other problems will not be an excuse for tardiness. In no case shall a tardy contestant be allowed to make up lost time. Each contestant will be given ample time to proceed directly from the dock to the weigh-in station.
15. **Scoring** - Scoring will be determined by the total weight of up to five (5) largemouth bass limit per day, unless seasonal restrictions and/or limit size restrictions are in effect (please refer to Rule #13 above for the June, July and August tournaments for each year). Two (2) peacock bass may be weighed in as part of the total five (5) fish limit. Participants will be allowed to fish either day of a two-day tournament and receive appropriate points. Tournament winners will be determined by the total weight accumulated during tournament fishing. During the tournament, each participant must keep his fish in a separate live-well or be able to directly identify his fish from those of his partners. At no time shall any tournament participant have more than the State's legal daily bag limit in their live-well(s) – (5 fish for one angler, 10 fish for 2 two anglers). Periodic checks by the officials will be made and any participant having more than the state's legal limit in his possession shall have his fish culled down to the official limit. The largest fish shall be culled first. Each participant must present his own catch to the weigh-in station except in special situations such as boat and motor trouble or other problems. A board member should be notified of any issues in advance of the weigh-in. A participant's catch will not be weighed unless presented for weigh in water filled bag. After fish have been handed to weigh-in officials, no person except officials shall touch said fish. A bass will not be weighed or counted that is not at least 12 inches in length as measured on a flat board with the mouth closed. As a penalty, any under-sized fish will be weighed separately and subtracted from the total approved weight. Any participant bringing more than the tournament limit five (5) fish to the weigh-in station will have his fish culled down to the limit by the officials, and the largest fish will be culled as a penalty. The Angler will be assessed ¼ lb (.25 lb.) for each dead fish they weigh in. Per Florida State law, it is prohibited for a dead fish to be culled. Any dead fish in a tournament participants limit must be weighed in as part of the anglers limit for that tournament day. Any fish presented for big fish of the tournament or Lunker of the Year must be alive at weigh-in to count for any daily or yearly awards. Any dead large fish will still count towards the anglers tournament weight minus the applicable penalty stated above. Any fish that appears mauled or mashed will be measured and credited only at the discretion of weigh-in officials. All legal sized fish caught during the tournament must be weighed in (up to the tournament limit).
16. **Ties** - All ties shall result in participants sharing the highest position. The next lowest participant shall retain his original position.

17. **Participant Pair Off** – Two participants will be assigned to each boat. The pairing of boater and non-boater shall be by random draw. No two participants shall fish together two consecutive tournaments. The drawing for partners will be held at the monthly meeting preceding each tournament. For 2-day events, a second drawing for partners will be made on the evening after the first tournament day. Announcement of your fishing partner shall be made at least one evening prior to the tournament. Participants must advise a tournament committee member by the monthly meeting if they intend to fish that month's tournament. It will be the responsibility of each boat partner to be at the departure dock on time for checkout. Partners shall meet at least 15 minutes before checkout time at the marina or assigned launch area. If participants are late or no show for checkout the tournament director will have participant explain reason at next monthly meeting. A participant must not allow any fish caught by him to be counted on the score of another participant. In such a case, both participants will be disqualified from this tournament. Any cancellation will have to be reported both to the committee and the fishing partner. In the case of a last-minute cancellation, emergency, or prior agreement, three men may fish out of one boat on a voluntary basis with the approval of the tournament chairman. A member may fish alone if his partner fails to show at the appointed time or if two "BOAT USE" members are drawn as partners. Boaters are to take into consideration fishing with their drawn partners as the number one consideration, after boat security. If a boater does not go into two (2) tournament draws and shows up to fish two (2) tournaments without a non-boater member, the boater will not be able to fish without being put into every tournament draw for the rest of the tournament year.
18. **Cost of Tournament** – **1-Day event**: tournament fee will be **\$50.00** for each angler. Tournament fee is broken down to \$5.00 club maintenance; \$8.00 goes to year end prize money, \$30.00 monthly prize money and \$7.00 for daily luner to be paid out to the member catching the largest bass. **2-Day event**: tournament fee will be **\$75.00** for each angler (full payment is due whether you fish one or two days of a two-day tournament.) Tournament fee is broken down to \$5.00 club maintenance; \$8.00 goes to year end prize money, \$48.00 monthly prize money, \$7.00 for day 1 luner, and \$7.00 for day 2 luner. Tournament fees for each board member are as follows: 1- day is \$40.00; 2-day is \$60.00. All tournament fees should be paid and collected at the monthly meeting before each scheduled tournament or the day of the tournament.
19. **Departure** – Participants leaving before weigh-in must notify the tournament committee, or in the case of an emergency, leave a note on the automobile of a remaining member.
20. **Awards** – Tournament winners (1st through 3rd) will receive the following payouts:
Tournament payback is less \$3.00 club maintenance, less \$5.00 year end prize money and daily luner of \$5.00 per angler.
1st Place 50% of prize monies
2nd Place 30% of prize monies
3rd Place 20% of prize monies
21. **Additional Rulings** - The tournament chairman, his committee, and the executive board members present shall rule upon any situation not covered by these rules. Their decision shall be final for that situation.
22. **Rules Compliance** - Any member that does not comply with the above tournament rules is subject to dismissal from the club based on the recommendation of the executive committee.
23. **Alcohol** – No alcoholic beverages allowed on-board the boat by either boater or non-boater during tournament hours. This will be cause for disqualification from that tournament.
24. **Blastoff** – All starts for club tournaments will be done in sequential order (no shotgun starts). The order of the start will be decided by random draw. The person calling off the tournament boat start positions will call out the boat number *and* name of the boater. If a boater leaves prior to their name or number being called, the following penalties will be assessed:
- First offense, the boater will automatically be the last boat out in the next tournament that they fish.
 - Second offense, the boater will be assessed a two (2) pound penalty on that day's tournament weight.

Indemnification of Officers

Every Officer of the EVERGLADES BASSMASTERS OF SOUTH FLORIDA (and the Officers as a group) shall be indemnified by the EVERGLADES BASSMASTERS OF SOUTH FLORIDA against all expenses and liabilities, including counsel fees (at all trial and appellate levels) reasonably incurred by or imposed upon such person or persons in connection with any claim, proceeding, litigation or settlement in which they may become involved by reason of being or having been a Officer of the EVERGLADES BASSMASTERS OF SOUTH FLORIDA. The foregoing provisions for indemnification shall apply whether or not such person is an Officer at the time such expenses are incurred. Notwithstanding the above, in instances where an Officer admits or is adjudged guilty by a court of competent jurisdiction of willful misfeasance or malfeasance in the performance of such person's duties, the indemnification provisions shall not apply. Otherwise, the foregoing rights to indemnification shall be in addition to and not exclusive of any and all rights of indemnification to which an Officer may be entitled, whether by statute or common law. No amendment which reduces or restricts the indemnity created herein may be adopted without the prior consent of each and every Officer (whether current or former) affected by such amendment.
